produktivX Overview

Invested in your success

Created on the world-famous Open edX platform, produktivX uses the latest in learning science to structure courses for today's working adults. Courses delivered by Microsoft Certified Trainers ensure successful learning and the most up-to-date content.

Our Capabilities

We offer a range of courses that cover a variety of Microsoft-specific topics, including:

- MCT Instructional Skills
- Microsoft 365 Copilot
- Microsoft 365
- Azure

While this is what we currently offer, we are open to learning about the courses that would best serve you and your needs.

Our Team

We have seasoned Open edX instructional design experts, dedicated to the art and science of adult learning. Every course is built in collaboration with industry veterans, Microsoft Certified Trainers, and former FTE SMEs to ensure engaging learning outcomes and experiences.

Training Methods

- 1 Blended Learning**
A combination of online, self-paced, and live instructor-led learning.
- 2 Moderator Led**
Standalone online learning supported by an expert facilitator.
- 3 Stand-alone**
Fully online self-paced learning designed specifically for adults.

Free your time and elevate your offering

Traditional Training Methods

- Expensive & difficult to scale
- Intrusive customer time commitment
- High internal operations requirements
- Large ROI requirements for customer qualification
- Difficult to measure program impact
- Not customized to exact needs and wants

produktivX Modern Learning

- ✓ Flat cost to build & maintain produktivX courses
- ✓ 24/7 access to learn on any schedule
- ✓ Uninterrupted access
- ✓ Scales to all segments and deal sizes
- ✓ Real-time program performance insights
- ✓ Fully customizable courses to fit your needs
