

COPILOT & AGENTS IMMERSION BRIEFING

KICKSTART YOUR ORGANIZATION'S COPILOT JOURNEY

Build Excitement

The Copilot & Agents Immersion Briefing is a focused, 90-minute session designed to help your organization understand how Microsoft Copilot, Copilot Chat, and agents can address real business needs and accelerate your AI transformation. The goal is to kick off your Copilot journey by helping you uncover opportunities, explore real-world business scenarios, and gain clarity on how Copilot can transform productivity and decision-making across your organization.

Exploring Microsoft Copilot

Discover real impact

See how Copilot and custom agents can help you solve everyday business problems your team regularly experiences.

Integrate with ease

Learn how easily Copilot integrates into your organization's existing workflows and apps, enhancing your productivity and collaboration.

Keep your data secure

Discover how Copilot leverages commercial data protection to ensure that your data is safe, encrypted, and used with your consent.

Watch the magic

Witness a live showcase of Microsoft Copilot and tell us what you would like to see to customize the experience.
